

EVERYONE PLAYS A PART

Too often, youth in disenfranchised communities are defined by the challenges of their environment rather than the strength of their potential. When this happens, we all lose. Our schools struggle, our workforce pipeline weakens, and our region misses out on the talents and leadership of an entire generation.

YELLS provides a **strengths-based** and **people-powered** approach that empowers the whole child, the whole family, and the whole community to improve lives and uplift neighborhoods. Everyone plays a part, and together our impact is amplified, making real change possible.

*When young people are rooted in purpose, given the tools to lead, and surrounded by a community that sees and values them, they don't just thrive—they **transform the world.***

Change Tomorrow. Empower Youth. Transform Community.

We invite you to find your place in transformational change today.

WHY WE GIVE TO YELLS – Steven Duncan | Assurant

“Every time I see our contributions as an organization filling real gaps in the community, I’m reminded of the power of collective impact. It’s more than just giving; it’s investing in futures.

Watching these young leaders grow, succeed, and give back themselves

creates a ripple effect that strengthens the entire community.

Knowing that we’re part of something that uplifts and transforms lives is what keeps me committed. YELLS is not just an organization; it’s a movement, and I’m honored to be part of it.”
